

Arts Integration at TJEMS – Everything is Connected!

Everything we do at TJEMS is part of a web of connection - and our arts integration program is part of this web, enhancing and supporting our school's mission and School Performance Plan. Through our partnerships with Arts Every Day and Young Audiences of Maryland we have increased our capacity for arts integration and continue to develop a complexity of connections between the creativity of the arts and our school curriculum.

See some of the ways in which arts integration is part of our School Performance Plan!
