

Extracurricular Student Club Activity VEX Robotics

Coordinator: Arif Abdul-Kareem

The VEX Robotics Design System offers students an exciting platform for learning about areas rich with career opportunities spanning science, technology, engineering and math (STEM). These are just a few of the many fields students can explore by creating with VEX Robotics technology. Beyond science and engineering principles, a VEX Robotics project encourages teamwork, leadership and problem solving among groups.

By completing this application, you will have the opportunity to join the robotics club and learn more about designing, building and programming robots. In addition, they will be given the opportunity to make it onto one of the BIAVEX IQ teams.

The program will accept students in grade 4-8 who meet the following criteria:

- ❖ Ability to attend meetings on scheduled days.
 - Friday (3:00pm-4:30pm)
- Strong problem solving skills and ability to follow instructions
- ❖ Teachers recommendation
- ❖ Parent Approval

All students interested in joining the club/team please fill-out the following application and return to the front office by Friday, October 12.

Name: _____ Grade: _____ Language: _____

Teacher: _____

PARENT/GUARDIAN INFORMATION

Parent/Guardian Name: _____ Phone: _____

You will need to write/type an essay on a separate piece of paper. The essay must include answers to the following questions. Please feel free to include any other relevant information.

1. Why do you want to be a part of the VEX IQ Robotics Club?
2. What does engineering design mean to you?
3. What does cooperation mean to you?
4. Provide an example of your ability to work with a group.
5. What skills do you have that you think will help you in this club?

I will be an active member of the VEX IQ robotics club. I will do my best to be at every meeting and I will work together with my team to achieve success to the best of my ability.
