Mandarin Chinese for K-2nd Graders After School at Hampden Elementary/Middle School

Foreign Language Benefits for children
- Prepare children to thrive in a global environment.
- A second language is easier to learn the younger you are.
- Research shows that creativity and problem solving skills can be enhanced.

Why Mandarin
- Mandarin is one of most spoken languages in world. Teaching Mandarin at an early age helps to prepare a child for the global opportunities that a country such as China can provide.
- Chinese culture is over 5000 years old. Teaching Mandarin exposes children to another culture rich in history.
