The Baltimore City Public Schools Code of Conduct 2018-19 was written in accordance with the policies of the Baltimore City Board of School Commissioners — including the Behavioral Interventions and Student Discipline Policy (Board Policy JKA) — and with CEO administrative regulations and Maryland law and regulations. The Code of Conduct was developed to provide levels of disciplinary responses that match the severity of an incident, while also focusing on ways to redirect behavior and teach students appropriate responses and behaviors. Disciplinary responses should promote positive relationships, student learning and responsibility, and the adoption of prevention and intervention support strategies. The use of suspensions and expulsions as disciplinary measures is a last resort and, when employed, should be implemented in a way that minimizes the time that students spend out of the classroom. All members of the school community, including students, parents and guardians, principals, school staff, and the district office, have rights and responsibilities that support a positive and safe school community, and learning environment.

Student Wholeness

In 2017, City Schools launched “Building a Generation: City Schools’ Blueprint for Success.” The blueprint identifies as a foundational priority the promotion of student wholeness, with a vision of inspiring students to reach their full potential and pursue their passions and interests. To make this possible, schools are working to provide engaging, safe, and supportive environments that foster well-being and meet students’ academic, social, emotional, and physical needs.

When students feel safe and supported, are interested in what they are learning and find it purposeful, when their curiosity is engaged and they are motivated, achievement improves. Successful schools provide opportunities for students to explore their interests, with enriching activities both in and out of the classroom. They also create positive cultures where students have the confidence to explore those opportunities. Schools with positive cultures also have the following characteristics:

- Effective leadership that creates and communicates clear expectations, communicates openly and honestly, is accessible and supportive of school staff and professional learning, and supports students in developing self-awareness, responsible decision-making, relationship building, social awareness skills, and self-management skills.
- Positive relationships with all stakeholders — students, parents, teachers/staff, school police, and community partners.
- Training and resources that provide social, emotional, and academic support, and positive interventions designed to help students problem solve, develop appropriate school and classroom behaviors, and reduce the need for classroom removal or school police intervention.
- Professional supports for students who are experiencing emotional crisis, trauma, or serious challenges in their homes or communities.
- Engaging academic and extracurricular activities for students that meet behavioral, developmental, and academic needs.
- Effective and responsive communication among schools, parents, and communities.
- Clean, well-maintained, and welcoming environments that clearly demonstrate school pride and a love of learning.
- A learning environment where students and staff feel physically and emotionally safe.

One key focus of City Schools’ student wholeness strategy is the cultivation of social and emotional learning (SEL). Schools will support students in developing the core SEL competencies of self-awareness, responsible decision-making, relationship-building, social awareness, and self-management. The cultivation of student wholeness also includes the adoption of restorative practices, which build positive communities based on the premise that open, respectful communication helps to reduce conflict. When conflict does occur, restorative practices encourage students to focus not on punishment, but on the harm caused and the need to repair relationships. The integration of social and emotional learning and restorative approaches throughout the culture and practices of schools will help to cultivate safe and positive educational environments that foster student learning and well-being, while reducing the incidence of negative behaviors.

Code of Conduct Principles for Student Behavior

The Code of Conduct 2018-19 is based on five principles that articulate City Schools’ expectations for student behavior while at school or school-related activities:

1. My words, actions, and attitudes demonstrate respect for myself and others at all times.
2. I demonstrate pride in myself, in my future, and in my school by arriving on time, dressed appropriately and prepared to focus on my studies.
3. I always seek the most peaceful means of resolving conflict and I obtain the assistance of teachers, administrators, or school staff when I am unable to resolve conflicts on my own.
4. I take pride in promoting a safe and clean learning environment at my school.
5. I seek positive relationships with all members of the school community and I help restore relationships with school community members that are affected by my conduct.

If students abide by these principles, the learning environment in all schools will be strengthened.
Application of the Code of Conduct

The Code of Conduct applies to students at all times while they are on City Schools’ property, at any school-sponsored activity, including field trips, and while traveling to and from school or any school-sponsored activity. Other incidents that occur off school grounds are generally not addressed by City Schools or its Code of Conduct. However, there are times when incidents occur outside of the Code of Conduct’s jurisdiction that undermine relationships at school or otherwise threaten school safety and climate. In those instances, City Schools may utilize interventions and responses to improve school climate, including but not limited to restorative practice methods, mediation, and mindfulness.

Students with Disabilities

City Schools is committed to eliminating the disparate impact of discipline on students with disabilities. Additional steps must be taken when students with disabilities, including those with Individualized Education Programs (IEPs) and Section 504 Plans, are disciplined. The Code of Conduct requires principals and school staff to follow Board policies, CEO administrative regulations, and state and federal laws concerning the discipline of students with disabilities, including procedures for determining manifestation (that is, whether the behavior is linked to a student’s disability), conducting Functional Behavioral Assessments (FBA), and developing Behavioral Intervention Plans (BIP).

If a student with an IEP or 504 Plan is suspended or expelled for more than 10 school days in one school year, the IEP or Section 504 team must meet within 10 school days for a manifestation meeting. At the manifestation meeting, the IEP or Section 504 team will determine whether the student’s conduct was a manifestation of the student’s disability. If the team determines that the behavior is a manifestation and the incident did not involve a weapon, drugs, or serious bodily injury, then the student will be permitted to return to school. The student will also be returned to school if the team determines that the behavior is a direct result of his or her IEP not being properly implemented. Inappropriate behaviors related to a student’s disability will be addressed through the IEP and Section 504 process to ensure that the student receives services and modifications designed to prevent the behavior’s recurrence. Students with IEPs who are not returned to the school building are entitled to the services necessary to allow them to progress in the general curriculum and advance toward achieving their IEP goals.

Commitment to Nondiscrimination

City Schools is committed to using the Code of Conduct fairly and without discrimination based on a student’s race, color, ancestry or national origin, sex, sexual orientation, gender identity, gender expression, marital status, disability, veteran status, genetic information, age, or religion.

Role of School Police

The Baltimore City School Police Force exists to ensure that students and staff are safe and that the learning environment is orderly. Officers work to build positive relationships with students to help ensure the safety of the entire school community.

School administrators handle disciplinary interventions for students’ behavioral infractions. School police will not be involved in matters of routine discipline, since police intervention is designed to be exercised as a last resort. If an imminent threat of serious harm cannot be abated and it is determined that police intervention is necessary to resolve the situation, students will be afforded all relevant due process rights guaranteed under federal, state, and local law.

For police assistance for a non-emergency, school police should be contacted at 410-396-8588. In an emergency, 911 should be dialed first and school police should be contacted immediately thereafter.

For complaints involving the Baltimore City School Police Force, please contact School Police Internal Affairs at 410-545-1933 and/ or the Civilian Review Board of Baltimore City at 410-396-3141 or complete a School Police Complaint Form (www.baltimorecityschool.org/police).

Definitions of Disciplinary Responses

When students are disruptive or act inappropriately, school staff and principals should respond restoratively, rationally, appropriately, consistently, and fairly. The 2018-19 Code of Conduct describes five levels of possible response to inappropriate and disruptive behavior. Each inappropriate or disruptive behavior is assigned to one or more of these levels of intervention. Principals and school staff can use only the levels suggested for each behavior. Administrators and staff must consider all relevant circumstances, including the students’ motivation, past discipline record, disability status, and personal circumstances that may have exacerbated the behavior, before selecting an appropriate intervention.

In certain circumstances, disciplinary responses that remove students from the classroom or school environment (as described in the list on the next page) may be necessary. In these cases, City Schools’ goal is to make sure that students continue their education, receive appropriate educational services, learn strategies to replace inappropriate behaviors, and correct any harm they may have caused to others. Administrators should use the lowest level response that is appropriate for the behavior. Out-of-school discipline should be used as a last resort, after other interventions have been utilized. The duration of any suspensions, expulsions, and alternative settings/placements should be limited to the fewest days necessary to achieve the disciplinary goal.

- **In-school suspension**: The removal of a student within the school building from his or her regular education program for up to, but not more than, three days per incident, and no more than five days per semester.
- **Short-term suspension**: The removal of a student from school for up to, but not more than, three school days.
- **Long-term suspension**: The removal of a student from school for 4 to 10 school days. Long-term suspensions must be approved by the CEO or the CEO’s designee.

- **Extended suspension**: The removal of a student from school for a period longer than 10 school days but not more than 44 school days by the CEO or the CEO’s designee. A student may be referred for extended suspension if (1) his or her presence in school presents an imminent threat of serious harm to other students or staff, or (2) the student has engaged in chronic and extreme disruption of the educational process that has created a substantial barrier to learning for other students across the school day, and other available and appropriate behavioral and disciplinary interventions have been exhausted.

- **Expulsion**: The removal of a student from his or her regular school program by the CEO or the CEO’s designee for 45 school days or more. A student may only be recommended for expulsion if an extended suspension is inadequate to address the behavior and the student’s presence in school constitutes an imminent threat of serious harm to other students or staff. An expulsion may be permanent if the behavior results in serious injury or places others in substantial risk of serious injury or death.

- **Alternative educational placement**: A school site that enables students in general education to receive the services needed to improve their behavior while continuing to access the appropriate academic curriculum. A student may receive an alternative educational placement for disciplinary reasons. The placement may range from 11–44 days if the student’s return to his or her regular education program would pose an imminent threat of serious harm to students or staff, or cause a chronic and extreme disruption of the educational process. The placement may be for 45 days or more only if the student’s return to school would pose an imminent threat of serious harm to students or staff. Students will receive, as appropriate, behavioral intervention services to address the behavior violation that resulted in the alternative educational placement.

- **Alternative educational setting**: A school site that enables students with IEPs to receive educational services, including the services and modifications listed on their IEPs, so that the students can continue to participate in the general education curriculum and progress toward meeting their IEP goals. Students will receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications designed to address the behavior violation so that it does not reoccur. Students with IEPs may be placed in an alternative educational setting only if a manifestation meeting is held and the behavior is determined not to be related to the student’s disability. Students with IEPs may also be placed in an alternative educational setting (for no more than 45 days) if they engage in one of the following behaviors while at school, on school premises, or at a school function: (1) carrying or possessing a weapon; (2) knowingly possessing or using an illegal drug; (3) selling or soliciting the sale of a controlled substance; or (4) inflicting serious bodily injury on another person.

- **Imminent threat of serious harm**: A likely or immediate danger of negative and significant impact on physical, emotional, or psychological wellbeing.

**Behavioral Foundations for Early Learners**

City Schools’ early learning programs are the first step on the path towards school success, and provide the necessary foundation for a solid start in school and life. The district is committed to ensuring that all children receive the unique supports needed to be successful learners by creating healthy and safe school environments, supporting and guiding educators, addressing social-emotional competencies, and providing targeted help to students in need. In supporting the developmental needs of early learners, City Schools generally prohibits the suspension and expulsion of pre-k, kindergarten, 1st, and 2nd grade students, subject to exceptions:

- Students (Pre-K to Grade 2) may not be expelled unless they are found to be in violation of federal law.

- Students (Pre-K to Grade 2) may be suspended for up to five days, only if the school administration, in consultation with a school psychologist or mental health professional, determines that there is an imminent threat of serious harm to other students or staff that cannot be reduced or eliminated through interventions and supports.

- If a student (Pre-K to Grade 2) is subject to a suspension or expulsion, the principal or school administrator must promptly contact Suspension Services, and if approved, proceed in notifying the student’s parent/guardian and following due process procedures outlined in City Schools’ administrative regulations.

**Procedures for Extended Suspensions and Expulsions**

The Office of Suspension Services, within City Schools’ Office of the Chief Academic Officer, represents the CEO in processing long-term suspension, extended suspension, and expulsion decisions.

Listed below are the procedures that will be followed in cases of extended suspensions (11–44 days) and expulsions (45 days or more).

- The school must submit a written report to the Office of Suspension Services when recommending an extended suspension or expulsion. This report will be made available to the student and parent upon written request received 24 hours before a suspension conference. If such request is received, the packet will be provided at least one hour prior to the suspension conference.

- A suspension conference will be scheduled at the district office for students and parents within 10 school days of the first day of removal. If the conference is not held within 10 school days, the student will be allowed to return to their regular educational program unless there is a finding that the student’s return would pose an imminent threat of serious harm to other students or staff.

- When a school suspends a student with an IEP or a 504 plan for more than 10 consecutive or cumulative school days, an IEP or 504 team manifestation meeting must also be held within
Student and Family Rights with Respect to all Suspensions and Expulsions

Listed below are student and parent rights that are relevant to school discipline.

- Students have a right to receive a free and appropriate public education.

- Students have the right to enjoy peaceful and meaningful freedom of speech, press, assembly, and religion on school property and at school-sponsored events.

- Students may not be excluded from their regular school program or denied instructional time (more than 59 minutes per day) in the absence of a documented, official, disciplinary intervention (i.e. suspension, expulsion, alternative educational placement, or alternative educational setting).

- Schools may not contact parents to pick up students or seek permission from parents to send students home for behavior that does not merit a suspension under the Code of Conduct. Likewise, parents should not grant the school permission to exclude their children from their classes without an official suspension.

- Students cannot be suspended for more than three consecutive school days without the CEO’s (or CEO designee’s) approval.

- Behaviors that should not result in suspension include, but are not limited to, cutting class, unexcused absences, or failing to wear a school uniform.

- Students are entitled to a conference with the principal at the time when a decision is made to remove them from the classroom or school for disciplinary reasons. Students are also entitled to receive written notification of why they are being removed from the classroom or school for disciplinary reasons.

- Students must be given an opportunity to tell their side of the story before a decision is made to place them in in-school, short-term, long-term, or extended suspension or expulsion.

- Parents will be provided written notification any time their child is removed from the classroom or school for disciplinary reasons. School staff will make diligent efforts to contact parents by telephone, e-mail, or text message (if permission has been secured) when excluding a student from the classroom or school.

- Students are entitled to make up classwork and assignments for full credit and without penalty when they are excluded from school for any period of time. Each school shall assign a school staff liaison between the suspended student and teachers to support this process. The school staff liaison will communicate weekly about classwork, assignments, and school-related issues with all students suspended for more than three days. Teachers are required to provide students all daily classwork, assignments and will correct and return all completed work to students on a weekly basis. Students are responsible for completing classwork and assignments in a timely manner.

- Students will be reintegrated into the school community once the conditions of a suspension or expulsion are met. Schools should develop a plan that supports the positive transition of a student back into the school and classroom, including, where needed, to address harm that may have been caused by the student’s behavior and rebuild relationships with those affected.

10 school days of the first day of removal. The purpose of this meeting is to determine whether the conduct, which resulted in disciplinary action, is a manifestation of the student’s disability, or a result of the team’s failure to implement the IEP or 504 plan (see page 3 for more information).

- The Office of Suspension Services will render a final decision on the disciplinary action after the suspension conference within the first 10 days of the suspension and provide written notification to the student and family. The written notification will include the student’s appeal rights (see below).

- If the Office of Suspension Services does not render a final decision on the disciplinary action within the first 10 days of the suspension, and provide written notification to the student and the family, then the student shall be allowed to return to school unless the CEO or the CEO’s designee determines that the student’s return would pose an imminent threat of serious harm to other students or staff, and written notice is provided to the parent or guardian providing the reason for delay.

- Students will be admitted to school on the assigned reinstatement date, regardless of whether parents have attended a conference with the school principal. Students can return to their regular educational programs once all of the conditions of their suspension or expulsion are met.

Appealing an Extended Suspension or Expulsion Decision

In accordance with Board policy, students and parents have a right to appeal an extended suspension or expulsion within 10 days after receiving the final decision on the disciplinary action. The Board of School Commissioners will render a written decision within 45 days from receiving the appeal. If this decision is not made within 45 days, the student will be allowed to return to school unless there is a finding that the student’s return would pose an imminent threat of serious harm to other students or staff.
Levels of Intervention and Disciplinary Response

City Schools recognizes the effectiveness of restorative practice methods and other progressive disciplinary measures that build positive relationships. These interventions are a shift away from overly harsh and punitive disciplinary responses. Instead, they educate students about the harm caused by their actions while seeking to reunite them with the school community.

The categories shown are designed to guide teachers and administrators in using progressive interventions and responses at all grade levels to teach and motivate students to exhibit positive behaviors.

LEVEL 1 Classroom interventions and responses

These interventions aim to correct behavior so students can learn and demonstrate safe and respectful actions. Teachers are encouraged to implement a variety of teaching and classroom management strategies.

- Contact parent via telephone, email, or (if permission to do so has been secured) text message
- Verbal correction
- Reminders and redirection (e.g., role-play)
- Written reflection or apology
- Seat change
- Parent or guardian conference
- Daily progress sheet on behavior
- Establish buddy teacher system
- Classroom system of positive reinforcement
- Teacher or student conference
- Detention (before or after school) with parent or guardian consent
- De-escalation strategies (i.e., mindfulness, reflection break)
- Restorative practice methods and/or mindfulness by a trained adult

LEVEL 2 Intensive support staff, student support teams, and administrative interventions and responses

These interventions can involve the school administrators who aim to correct behavior by stressing the negative impact of the behavior, while keeping the student in school.

- Parent or guardian notification
- Change in schedule or class
- Restorative practice methods and/or mindfulness by a trained adult
- Loss of privileges
- Restitution (monetary or service-based)
- Detention
- Conflict resolution by a trained adult
- Peer mediation
- Discussion with appropriate administrator
- Referral to student support team
- Referral to IEP or 504 team
- In-school suspension
- Assignment of work projects
- Mentoring
- Referral to substance abuse counseling
- Referral to student support team (see below)

Student support team interventions and responses

These interventions often involve support staff, both school-based and within the broader community, and aim to engage the student’s support system to ensure successful learning and consistency of interventions and to change the conditions that contribute to the student’s inappropriate or disruptive behavior.

- Parent or guardian conference
- Restorative practice methods including community conferencing or mediation led by or under supervision of a trained adult
- Mindfulness exercises led by or under supervision of a trained adult
- Mentoring
- Peer mediation
- Referral to IEP or 504 team for evaluation
- IEP or 504 team meeting
- Development of Functional Behavioral Assessment (FBA) and Behavioral Intervention Plan (BIP)
- Referral to school-based health or mental health clinic
- Referral to an appropriate after-school program
- Restitution (monetary or service-based)
- Conflict resolution led by or under supervision of a trained adult
● Community mediation led by or under supervision of a trained adult
● Short-term behavioral progress reports linked to positive reinforcement
● Referral to an appropriate community organization
● Develop student support team plan

LEVEL 3  Short-term suspension and referral responses

These interventions may involve the removal of a student from the school environment for up to three days because of the severity of the behavior. The duration of the suspension, if issued, is to be limited as much as practicable while adequately addressing the behavior.

● Parent or guardian notification
● Short-term suspension (1 to 3 days)
● Restorative practice methods including formal conferencing/community conferencing by a trained adult
● Development of or revision to student support team plan
● Referral to the twilight and credit recovery program
● Referral to IEP team or 504 team for manifestation determination for students with disabilities

LEVEL 4  Long-term suspension and referral responses

These interventions involve the removal of a student from the school environment for a period ranging between 4 and 10 school days because of the severity of the behavior. The duration of the suspension, if issued, is to be limited as much as possible while adequately addressing the behavior.

● Parent or guardian notification
● Long-term suspension (4 to 10 days)
● Development of Functional Behavioral Assessment (FBA) and Behavioral Intervention Plan (BIP)
● Development of or revision to student support team plan
● Restorative practice methods including formal conferencing/community conferencing by trained adult
● Referral to IEP team or 504 team for manifestation determination for students with disabilities

LEVEL 5  Extended suspension, expulsion, and referral responses

These interventions involve the removal of a student from the school environment because of the severity of the behavior. They may involve the placement of the student in an alternative environment that provides additional structure to address the behavior. These interventions focus on maintaining the safety of the school community and ending behavior that is harmful to the student or others. The duration of an extended suspension, expulsion, or alternative placement will be limited to the least amount of time necessary to adequately address the behavior.

● Parent or guardian notification
● Extended suspension (11 to 44 days)
● Expulsion (serious behavioral infractions; 44 days or longer)
● Development of Functional Behavioral Assessment (FBA) and Behavioral Intervention Plan (BIP)
● Development of or revision to student support team plan
● Restorative practice methods including formal conferencing/community conferencing by trained adult
● Referral to IEP team or 504 team for manifestation determination for students with disabilities
● Revision to IEP or 504 plan as needed for students with disabilities
● Referral to twilight and credit recovery program
● Referral to substance abuse counseling
● Referral to appropriate community organization (e.g., mentoring programs)

● Alternative educational placement or alternative educational setting by the Office of Suspension Services
● Referral to substance abuse counseling
● Permanent expulsion for certain offenses, as specified in Board policy
Inappropriate or Disruptive Behavior and Levels of Response

**Guidance**

**LEVEL 1**
**Classroom interventions and responses**
May be appropriate when the behavior is a minor infraction, the student has had no prior incidents, and/or interventions have not been put in place.

**LEVEL 2**
**Intensive support staff and administrative interventions and responses**
May be appropriate when supports have been put in place in the classroom and/or school community to address behavior, but the behavior has continued to negatively influence the learning of the student and others.

**LEVEL 3**
**Short-term suspensions and referral responses**
May be appropriate given the seriousness of the offense and impact on the school community and/or when documented interventions and supports have been put in place but the behavior is escalating.

**LEVEL 4**
**Long-term suspension and referral responses**
May be appropriate given the seriousness of the offense and impact on the school community and/or when documented interventions and supports have been put in place but the behavior continues to escalate and disrupt the educational process.

**LEVEL 5**
**Extended suspension, expulsion, and referral responses**
May be appropriate when behavior presents an imminent threat of serious harm to the school community, or when the student has engaged in chronic and extreme disruption of the educational process that has created a substantial barrier to learning for other students across the school day.

**Notes:**

- Maryland state law prohibits out-of-school suspensions for attendance-related offenses.
- Students may receive a failing grade for that assignment.
- School staff is required to refer students to appropriate substance abuse counseling services.
**Level Considerations**

In cases where a range of possible levels of response is indicated, administrators should use the lowest level of response that is appropriate for the behavior, and limit the duration of suspensions, expulsions, and alternative settings/placements to the fewest days necessary to achieve the disciplinary goal. The circumstances of the incident, the student’s age, grade, developmental level, disability status, intentionality, and prior infractions should be taken into consideration.

**First Offenses**

If, on a first offense, administrators believe a Level 4 or 5 response is warranted, they must contact Suspension Services for guidance and support before proposing Level 4 or 5 disciplinary responses.

**Pre-K–2 Suspensions**

For students in pre-k, kindergarten, 1st, or 2nd grade, administrators must contact Suspension Services for guidance and support before proposing Level 3, 4, or 5 disciplinary responses.

**Informing School Police**

School police should be informed immediately regarding incidents that pose an imminent threat of serious harm to the safety of staff and/or students.

10 BALTIMORE CITY PUBLIC SCHOOLS
### Level Considerations

In cases where a range of possible levels of response is indicated, administrators should use the lowest level of response that is appropriate for the behavior, and limit the duration of suspensions, expulsions, and alternative settings/placements to the fewest days necessary to achieve the disciplinary goal. The circumstances of the incident, the student's age, grade, developmental level, disability status, intentionality, and prior infractions should be taken into consideration.

### First Offenses

If, on a first offense, administrators believe a Level 4 or 5 response is warranted, they must contact Suspension Services for guidance and support before proposing Level 4 or 5 disciplinary responses.

### Pre-K–2 Suspensions

For students in pre-k, kindergarten, 1st, or 2nd grade, administrators must contact Suspension Services for guidance and support before proposing Level 3, 4, or 5 disciplinary responses.

### Informing School Police

School police should be informed immediately regarding incidents that pose an imminent threat of serious harm to the safety of staff and/or students.

Schools should contact the Legal Office for additional guidance. |       |

---

Maryland state law prohibits out-of-school suspensions for attendance-related offenses.
### Level Considerations

In cases where a range of possible levels of response is indicated, administrators should use the lowest level of response that is appropriate for the behavior, and limit the duration of suspensions, expulsions, and alternative settings/placements to the fewest days necessary to achieve the disciplinary goal. The circumstances of the incident, the student’s age, grade, developmental level, disability status, intentionality, and prior infractions should be taken into consideration.

**First Offenses**

If, on a first offense, administrators believe a Level 4 or 5 response is warranted, they must contact Suspension Services for guidance and support before proposing Level 4 or 5 disciplinary responses.

**Pre-K–2 Suspensions**

For students in pre-K, kindergarten, 1st, or 2nd grade, administrators must contact Suspension Services for guidance and support before proposing Level 3, 4, or 5 disciplinary responses.

**Informing School Police**

School police should be informed immediately regarding incidents that pose an imminent threat of serious harm to the safety of staff and/or students.

**BULLYING, HARASSMENT, OR INTIMIDATION REPORTING FORM**

This form is to be confidentially maintained in accordance with the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g.

**Directions:** Bullying, harassment, and intimidation are serious and will not be tolerated. This is a form to report alleged bullying, harassment, or intimidation that occurred during the current school year on school property; at a school-sponsored activity or event off school property; on a school bus; on the way to and/or from school; on the internet, sent on or off school property; that substantially disrupted the orderly operation of the school. Bullying, harassment, and intimidation mean any intentional conduct — including verbal, physical, or written conduct, or an intentional electronic communication — that creates a hostile educational environment by substantially interfering with a student's educational benefits, opportunities, or performance, or with a student's physical or psychological well-being. The conduct must be (I) motivated by an actual or a perceived personal characteristic including race, ethnicity, color, age, national origin, marital status, gender, gender identity or expression, sexual orientation, religion, ancestry, physical attributes, socioeconomic status, familial status, linguistic preference, or physical or mental ability or disability; or (II) threatening or seriously intimidating. Electronic communication means a communication transmitted by means of an electronic device, including a telephone, cellular phone, computer, or pager. Conduct that is of a sexual nature is the most commonly reported form of sexual harassment. This term is generally thought to mean actions, language or visual materials which specifically refer to, portray or involve sexual activity or language. Conduct of a sexual nature may include overt sexual solicitations, inappropriate touching, sexual jokes and inquiries about a person's sex life. Sexual harassment is the broader term that encompasses conduct of a sexual nature such as unwelcomed sexual advances, requests for sexual favors, and other verbal or physical contact of a sexual nature. Sexual harassment also includes acts that are not overtly sexual but rather are directed at individuals based on their gender such as profanity or rude behavior that is gender-specific.

If you are a student, the parent/guardian of a student, a close adult relative of a student, non-profit staff working with the student, or a school staff member and wish to report an incident of alleged bullying, harassment, or intimidation, complete this form and return it to the principal at the student victim's school. Contact the school for additional information or assistance at any time.

Alternatively you may go online at [https://pc.bcps.k12.md.us:90](https://pc.bcps.k12.md.us:90) and file the report electronically. A confirmation email will be sent to your email address.
