Baltimore City Public Schools Family Medical Leave Overview

Summary

Eligible employees may request this leave for their own serious health condition, eligible family member’s serious health condition and reasons of exigency while the military member (immediate family) is on active duty status. The law allows eligible employees to take up to 12 weeks (60 days) of unpaid leave per 12-month period for reasons related to you or an eligible family members serious medical condition and up to 26 weeks to care for a family member who is recovering from a serious illness or injury sustained in the line of duty on active duty. Those employees eligible have entitlement to leave, maintenance of health benefits during leave, and job restoration after leave.

Eligibility Requirements

- Employed with City Schools for 12 months or longer, 20 hours per week or more (0.5 or more)
- 1,250 hours of Actual Hours Worked prior to request for leave date.

Method for Determining 12 month period

- The 12-month period measured backward from the date an employee uses any FMLA leave. Each time an employee takes FMLA leave, the remaining leave entitlement is the balance of the 12 weeks/60 days which has not been used during the immediately preceding 12 months.

FMLA Reasons

- For the birth and care of the newborn child of the employee;
- For placement with the employee of a son or daughter for adoption or foster care;
- A serious health condition that makes the employee unable to perform the essential functions of his or her job;
- To care for an eligible family member (spouse, child under 18, or parent) with a serious health condition
- For any qualifying exigency arising out of the fact that the spouse, son, daughter, or parent of the employee is on active duty, or has been notified of an impending call to active duty status, in support of a contingency operation.
