2. **Incacity Plus Treatment**
   - A period of incapacity (the term *incapacity* means inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment therefore, or recovery there from) of **more than three consecutive, full calendar days, and** any subsequent treatment or period of incapacity relating to the same condition, that also involves:
     a. Two or more in-person visits to a health care provider for treatment within 30 days of the first day of incapacity, unless extenuating circumstances exist. **The first (or only) in-person treatment visit must take place within seven days of the first day of incapacity; or**
     b. At least one in-person visit to a health care provider for treatment within seven days of the first day of incapacity, which results in a regimen of continuing treatment under the supervision of a health care provider.

3. **Pregnancy or Prenatal Care**

4. **Chronic Conditions**

6. **Multiple Treatments (Non-Chronic Conditions)**
   - **Restorative surgery** after an accident or other injuries, or for a condition that would likely result in a period of incapacity of more than three consecutive, full calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc), severe arthritis (physical therapy), or kidney disease (dialysis).
