Re: School Year 2023-2024 - Student Meal Eligibility

To whom it may concern,

This letter is to confirm that all students enrolled in Baltimore City Public Schools are eligible for free meals in schools in school year 2023-2024.

Baltimore City Public Schools (City Schools) currently participates in the Community Eligibility Program (CEP), through which all district students are eligible for free and nutritious meals in school – with no associated fee or student application.

Since Fall 2014 to the present, City Schools has implemented CEP in every school in the district. Per federal regulation, CEP districts must prove eligibility every four years, and City Schools last did so June 30, 2023; current eligibility status is therefore valid through June 2027. More information on CEP is available at <https://www.fns.usda.gov/cn/community-eligibility-provision>.

If you require any further assistance or information, please contact me at 410-545-6870.

Sincerely,

Elizabeth Marchetta
Executive Director, Food and Nutrition Services
Baltimore City Public Schools

This institution is an equal opportunity provider.
