Introduction to Distance Learning Materials

LESSONS ON TELEVISION
Access televised lessons on two educational access channels – City Schools TV and Charm TV (Comcast Only), the city’s access channel. Each day, both stations will air a schedule of lessons in reading, math, and science for grades K-8. A schedule of lessons will be shared on the Distance Learning webpage.

DISTANCE LEARNING PACKETS
Each week, a new set of distance learning packets will be available with lessons for students. Download the packets from www.baltimorecityschools.org/distance-learning. Every Monday during the closure period, students will be able to pick up work packets at the district’s 18 meal sites.

DAILY SUPPLEMENTS
In addition to the Distance Learning Packets, students are provided daily learning guidance via supplements. A week-long schedule will be provided on the Distance Learning webpage in the same folder as the grade-level learning packets. Follow the instructions to receive a well-rounded experience.

TEACHER COLLABORATION
Teachers will work with students via Blackboard Collaborate and Google Classroom. Blackboard Collaborate will be used to give live instruction, and Google Classroom will host class assignments and resources. Teachers will invite students to Blackboard Collaborate.

VISIT THE DISTANCE LEARNING WEBPAGE
Beginning, April 6, all distance learning packets, television schedules, and achieved learning packets (March 16 to April 3) may be found at www.baltimorecityschools.org/distance-learning
