

OPERATION **PULSE-CHECK:** Virtual Family Listening Tours

Lifting the **VOICES** of Baltimore's Parents and Families

Between **May 20th and May 28th**, the Family Engagement team will partner with school-based Family and Community Engagement (FCE) Liaisons to conduct family listening tours to...

- find out how our families are doing
- get feedback during the remote learning period
- inform the development of your school's School-Parent Compact and FCE plans

Our goals are to **listen and learn** how we can be supportive during this unprecedented time. This feedback will help inform our next steps and improve supports to students and families.

To participate or learn more about the listening tours, please contact the Family Engagement team at engagement@bcps.k12.md.us or join us during the **Family Engagement Virtual Office Hours**.
