

Career and Technical Education:

Project Lead The Way | Biomedical

Cluster: Health and Biosciences

"I learned hard work and dedication from the program..." - Jonathan

How do I know if this pathway is right for me?

In choosing a pathway, ask yourself:
What do I enjoy doing?
What am I good at doing?
Does this pathway align with my dreams and goals?

What do I have to do to complete this course?

Immerses students in hands-on activities. Courses include: Principles of Biomedical Science, Human Body Systems, Medical Interventions, and Biomedical Innovation.

Which Schools offer this pathway?

Paul Laurence Dunbar High School
Vivien T. Thomas Medical Arts Academy
Western High School

Did you know that you can do more in medicine than work as a doctor, nurse or technician? The Project Lead the Way Biomedical pathway prepares you to work in medicine traditionally or pursue a career in research, medical device creation and development, or other medical innovations.

What's the bonus?

- Partnership with Baltimore Alliance for Careers in Healthcare (BACH) and University of Maryland Medical System
- College Credit
- Internships
- Apprenticeships
- Field clinical experiences

Possible Careers & Average Salaries in this Pathway:

Biomedical Laboratory Technician: \$62,000
Biomedical Scientist: \$69,000
Pharmaceutical Marketing Manager: \$107,000
