

Career and Technical Education:

Electrical

Cluster: Construction and Development

*"I wanted to learn a trade so I can start my career right after high school."
- Student*

How do I know if this pathway is right for me?

In choosing a pathway, ask yourself:
What do I enjoy doing?
What am I good at doing?
Does this pathway align with my dreams and goals?

What do I have to do to complete this course?

This four-course sequence combines classroom instruction and "hands-on" application such as a "student built" house. Course sequence includes two courses specific to residential and commercial building.

Which Schools offer this pathway?

Carver Vocational-Technical High School
Mergenthaler Vocational-Technical High School

Let there be light...and heat, and cooking, electricians do it all! Electricians safely provide the power supply to our homes and businesses. And as more electrical vehicles hit the road, this is a career with endless growth potential.

What's the bonus?

- Optional Drivers Education
- Site visits
- Guest speakers
- Internships
- Apprenticeships

Get Certified or Licensed:

- NCCER Construction Core and Electrical Level 1
- Optional OSHA 30 certification that is used in most construction and industry settings

Possible Careers & Average Salaries in this Pathway:

Electrician - \$57,000
Electrical install/repair - \$78,000
